HELICOPTER

AVIATION

BUILT FOR PROTECTION, OPTIMIZED FOR COMFORT

EXCEPTIONAL SAFETY

The TITAN XF is carefully designed to offer advanced protection for crew aboard an aircraft during over-water flight. Created with a heavy-duty front zipper and a fixed mesh back, the TITAN XF remains securely fastened throughout flight.

ADVANCED FEATURES

The manually activated vest integrates an array of special features to ensure enhanced ease of use for the wearer while maintaining the low profile design expected of all EAM life vests.

FULLY CUSTOMIZABLE

All EAM Worldwide products are fully customizable; the EAM TITAN XF can be tailored to meet client requirements.

PRODUCT HIGHLIGHTS

- Dual inflatable buoyancy cell
- High visibility with urethane coated nylon
- Flame resistant orange, blue, olive drab or desert tan fabric (420 denier nylon)
- Three retro-reflective tape strips and a light assembly system
- Compact size and shape
- Optional signal kit

A Continuous Wear Helicopter Crew Vest

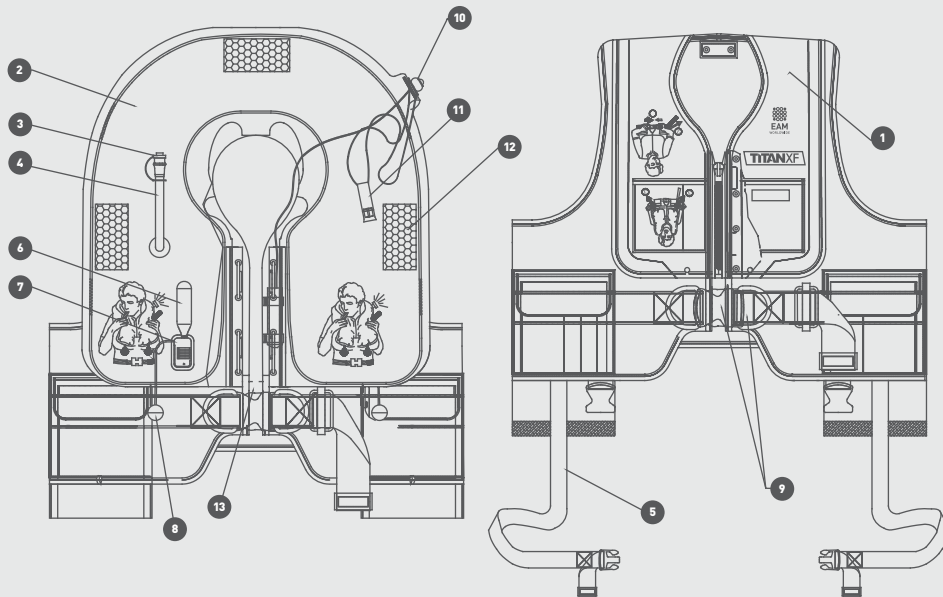

EAM TITAN XF SPECIAL FEATURES:

- Integrated crotch straps
- Retroreflective tape on back
- Optional D rings
- Molle version available
- Heavy duty zipper
